

17-11

Marker Antenna

The 17-11 antenna is intended for use with airborne ILS marker receivers.

Electrical Specification

Impedance	50 Ω
VSWR	3.0:1 max
Gain	<16dB below dipole
Polarisation	Horizontal

Mechanical Specification

Dimensions (LxWxH)	306 x 67 x 306 (mm)
Mass	0.4 kg
Connector	C Female TNC Female - 17-11T

Standards

Environmental	DO-160
Continuous Operating Temperature	- 65°C Min + 90°C Max
Altitude	50000 ft
Vibration	BS 3G100. Pt. 2. Sect.3.3.1 Region A Cat. 4

Key Features

Low profile

With Leading Edge strip

High operating temperature
